## Social Studies

---

In social studies this week we talked about memorizing personal information which includes their first name, last name, address, parent's phone number and birthday. We talked about how we should not share our information with strangers. Then, we talked about how we can share that information with police officers, firefighters, ambulance drivers, doctors and teachers. We also discussed needs and wants. We talked about making choices with money.

## Math

---

We completed Unit 4 which includes sorting, classifying and counting objects and then took the test. We also continued to practice counting to 100! Some of them already know how to count to 100. But, at this time, the students are only expected to count to twenty five. The students have also been counting to 100 by 5s. We have calendar time during math every day. The students continue to learn our days of the week song, months of the year song and seasons every day. The students are developing great skills and understand how our math centers operate each day.

## Language Arts/Reading/Writing

---

The students are continuing to practice reading to self and work on writing. Please have your child read the books we send home every Friday to you three times to practice sight words and fluency. **Our sight words this week are: here, help, make, yellow, two. Next week's words are: play, run, find, three, funny.**

## Theology

---

Our kindergarteners learned about the beatitudes and commandments. We also learned about Saint Theresa Margaret of the Sacred Heart. We continued our whole school rosary this week. In October, every Thursday, we will be praying one decade of the rosary as a whole school outside on the basketball court. Eighth grade leads us in the rosary.

## Science

---

We are focused on social studies this quarter.
