## Message from 4th grade Team

Hello CCS parents,

Welcome to the 2nd Quarter! It is hard to believe we are already here! We will hopefully see you at conferences next week. Thank you all for your support and we hope you have a fantastic weekend!

\*Please note the schedule changes at the bottom of the newsletter\*

Blessings,  
4th Grade Team

**Follow-up back to school night information: All tests and quizzes for Math, Science and Religion will be taken via google forms. Each time your child takes a test or quiz, he/she will receive a response receipt with his/her answers, the questions, and the correct answers, along with the final grade. They are able to see the questions missed/correct answers and their grade immediately following their submission. I want to be sure you all are able to keep up with their test/quiz progress so it is imperative for you to have access to their email login information. Should you need this information please let me know and I'd be happy to share it with you. They were all given a notecard with their email and password, and many of the students have memorized it already.**

## Announcements

- Please be mindful of absences! (appointments, trips, etc)
- As we have several students with peanut allergies in 4th grade, **we are a peanut free grade level. That includes snacks, lunches, and any other form of food.**

## Next Week

- In Language Arts, we will continue our nonfiction reading unit and how weather around the world affects everyone!
- In Social Studies, students will begin working on their diorama of a Native American village. **Please bring materials to class on Monday to begin the process!**
- In Math, we will continue Chapter 4: “Multiplying with one-digit numbers.”
- In Science we will begin Chapter 4: “The Human Body.”
- In Religion we will continue Unit 2 Lesson 8: “How Do We Become Members of the Church?” **There will be a Unit 2 Lesson 8 quiz on Wednesday, November 3rd.**

## Week in Review

### Language Arts

In Language Arts this week, students worked on learning how to read nonfiction texts effectively and how to “read to learn”. We practiced essential skills such as how to make connections to text, how to preview a text, etc.

### **Spelling Test- 11/3**

### Social Studies

In Social Studies this week, students finished Ch.2 which focuses on the different Native American tribes of Virginia and the contributions that they made.

**Students will be constructing a diorama based on a Native American village starting 11/1 in class. Please have materials ready to bring in on Monday (11/1). This project will be due on 11/4. Students may work on the project at home and at school. Please contact me if you have any questions.**

#### Math

In Math this week we have been focused on multiplication. We learned how to model multiplication in base-10, how to round and estimate products, how to use the partial product and zero strategies for multiplication, and how to multiply 2-digit by 1-digit numbers using the standard algorithm (and why it works!)

#### Science

In Science this week we took our Ch. 3 “Adaptations” test, and have enjoyed sharing our projects with the class.

#### Religion

In Religion this week, we discussed rituals and devotions of our Church. We learned about rituals in the liturgy, and of various prayers of devotion like the Stations of the Cross and the Rosary as ways to praise and give thanks to God. This week we started Unit 2 Lesson 8. We enjoyed reflecting on times when we've felt God's love and grace, and have been focused on our Sacraments of Initiation (Baptism, Eucharist and Confirmation). We are in the process of writing letters to our godparents (or others who have helped shape our faith!) and look forward to finishing/sending those next week.

**Our next Religion quiz (Unit 2 Lesson 8) will be on Wednesday, November 3rd.**
