Message from 4th grade Team

Hello CCS parents,

We had an incredible, learning-packed week in 4th grade! We are so impressed with the effort that our students are giving, it truly is remarkable. Thank you for reading our newsletter and have a great weekend!

Blessings,
4th Grade Team

Follow-up back to school night information: All tests and quizzes for Math, Science and Religion will be taken via google forms. Each time your child takes a test or quiz, he/she will receive a response receipt with his/her answers, the questions, and the correct answers, along with the final grade. They are able to see the questions missed/correct answers and their grade immediately following their submission. I want to be sure you all are able to keep up with their test/quiz progress so it is imperative for you to have access to their email login information. Should you need this information please let me know and I'd be happy to share it with you. They were all given a notecard with their email and password, and many of the students have memorized it already.

Week in Review

Language Arts

In Language Arts this week, students learned how to write effective summaries as well as how to find the main idea and supportive details in nonfiction texts. Our students improved and got better at this skill daily!

Social Studies

In Social Studies this week, students began Ch. 3 which focuses on early American history locations and happenings such as Jamestown and the mystery of Roanoke Island. A big thank you to all of you for helping your child with materials and guidance for the diorama project. It was a huge success!

Social Studies Ch. 3 Test- 11/19

Math

In Math this week, we had fun practicing various ways to model multiplication; standard algorithm, partial product with area models and arrays, and using the distributive property just to name a few! We have also enjoyed incorporating multiplication in word problems, and solidifying our recall of basic multiplication facts 1-12.

Science

In Science this week we were busy with in-class reviews in preparation for our Chapter 4 test on the Human Body. We also began Chapter 5 which focuses on parts of and influences on various Ecosystems.

There will be a Chapter 5 Science Test on Thursday, 11/18.

Religion

In Religion this week we have been focused on God's mercy, healing, and forgiveness, through the Sacraments of Penance/Reconciliation and Anointing of the Sick. We have enjoyed finishing up our letters to our godparents (or someone who has inspired us in our faith) and have been focused on types of sins, and the conversion/repentance at the heart of Reconciliation.

Our "Protecting God's Children" Virtus lesson will be on Monday, 11/15.
