4th Grade

December 20, 2024

Teacher's Message/Announcements:

Dear 4th Grade Families,

We had an amazing time in Fourth grade this week. The concert went wonderfully. It was great to see the students show off their hard work. We hope everyone enjoys their break and takes time to rest and relax with family and friends. We look forward to seeing everyone next year. Have a Merry Christmas and Happy New year!

A special thanks to Mrs. April Dick and Mrs. Nicole Felini for working with our students on a special Christmas craft! We are so thankful for our great community!

All the best,
4th Grade Team

Important School Announcements

- **Christmas Break is a great time to make sure that uniform pieces fit students properly (especially lengths for pants, skirts, and jumpers), and for boys to get haircuts.**
- The Village School will host their annual GEM (Girls Excelling in Math) tournament on Saturday, March 22. Girls in grades 4 through 8 may participate. If you are interested or have any questions, please contact Mrs. DeVane at l.devane@cvillecatholic.org.
- School resumes on Monday, January 6, 2025!
- The school spelling bee will be held on Friday, January 10.

Social Studies

This week in SS, students finished up chapter 3. We also began the chapter 3 project and will continue that after Christmas Break.

Math

This week in Math, we reviewed everything we have learned so far with some Christmas themed investigation activities. The student enjoyed multiplication bingo and a C.S.I investigation into who stole Santa's sleigh. After break we will begin the second semester looking at fractions, decimals, geometry, and statistics.

Language Arts/Reading/Writing

This week in LA, students presented the reports that they have been working on.

Theology

This week in Theology, we reviewed the order of the Mass, completed our tennent of the month poster project and visited with our faith buddy to do a Christmas craft. The students enjoyed seeing their kindergarten buddies and reading the nativity story with them.

Science

This week in Science, we complete some Christmas themed science investigations. We looked at some destroyed candy canes and used our investigation steps to figure out how they were broken. We also did a Grinch themed chemical reaction to blow up balloons.
