## Social Studies

---

We will be continuing our focus on the causes of the Civil War. In class we will be working on a Timeline project.

## Math

---

We will be having the End Of Year math test on Thursday, May 25th.

\*Students will need to complete (mastery level) Khan Academy *Add and Subtract Fractions*, *Multiplying Fractions*, and *Algebraic Thinking* by the end of the 4th quarter.

\* Please practice the basic multiplication facts at home or in the car coming to and from school. Knowing your multiplication facts is a vital skill that students will be needing for success in math in school and in daily life.

## Language Arts/Reading/Writing

---

This week students finished *The Phantom Tollbooth* and had a test on the novel. On Monday, we will watch the movie based on the book. This week, we also continued diagramming sentences and continued working on a Dodecahedron Project to conclude our study of the novel. It is expected that most, or all, students will complete this project in class and will turn it in on Tuesday, May 30.

Next week, we will have a quiz on diagramming sentences (subject, verb, direct objects, indirect objects, and modifiers) and will continue to write their short stories and work on the Dodecahedron project. The fourth quarter IRA is due on Friday.

## Religion

---

This week we continued our unit on The Beatitudes and students will have a recitation quiz on the last four Beatitudes next week. They will have a test on all eight Beatitudes the week of May 30.

## Science

---

We will be focusing on science in the news.
