## Friday Newsletter

### 4th Grade

### May 16, 2025

#### **Teacher's Message/Announcements:**

Dear 4th Grade Families,

We had a wonderful week in 4th grade and hope you did as well! Field Day was a blast! We are still learning and growing with the time that we have left. Please read the information below as there are many things still to come in the next week or so. Thank you and please reach out if you have any questions. Have a great weekend!

All the best,  
4th Grade Team

#### **Important School Announcements**

- 5/26- Memorial Day- School Closed
- 5//29- Suitcase Project Due
- 6/3- 11:30 Dismissal/Last Day of School

### Social Studies

---

This week in SS, students continued chapter 9 which focuses on events from the last century. Students learned about civil rights, important figures such as Maggie Walker, Arthur Ashe Jr., and many more! We will continue this work next week,

There will be an open book test next Thursday or Friday. I will still send home a study guide on Tuesday.

## Math

---

This week in Math, we worked on budgeting for a dream summer vacation. The class had a lot of fun figuring out where to go. They also got some real world experience at budgeting for the things they wanted over things they take for granted.

## Language Arts/Reading/Writing

---

This week in LA, students continued our new and final novel, Number the Stars. This is a wonderful historical fiction book that goes well with what we are learning about World War II in Social Studies. We will continue to work on this next week,

**The Suitcase Project is also due next Friday.** If your child is presenting next Friday (I will be making a schedule next week), please have them bring their project/suitcase on that day. If they aren't presenting until Monday, they can bring it then. Thank you and please reach out if you have any questions.

## Theology

---

This week in Theology, we talked about the purpose of prayer and had our quiz. Next week, the students will work on a project looking back over their year and remembering gratitude towards God.

## Science

---

This week in Science, we reviewed our test. Next week, we will be doing some end of the year experiments and stem challenges.
